Mallory Dimmitt

Biographical Sketch, Southwest RAC Member

Working for The Nature Conservancy brought Mallory Dimmitt to Colorado in 1998. Dimmitt is the current Northern San Juans Program Manager for TNC and also serves on the Telluride Town Council. She serves as president of the board of the San Miguel Watershed Coalition and sits on the board of the Tamarisk Coalition as well.

Dimmitt is serving her first term on the RAC and represents environmental/conservation interests in Category 3. Issues of importance to Dimmitt as a RAC member include land health, particularly the control of invasive species and minimizing fragmentation of public lands from such disturbances as oil and gas activities, and off-highway vehicles. Also of interest are rivers and their flow regime enhancement and protection.

During her leisure time, Dimmitt enjoys hiking, rafting, kayaking and canoeing.
